RE: Sump Pump Discharge Water

Dear Property Owner/Occupant:

The City of West Fargo is sending out this letter to all residences to update everyone on the City's Sump Pump Ordinance.

The City of West Fargo has an ordinance stating sump pump discharge water cannot be discharged into the City's sanitary sewer system. The ordinance however does provide an option for property owners to pump their sump pump water into the sanitary sewer system between November 1st and April 1st, if a seasonal variance is applied for. This seasonal variance costs \$50. You will find a copy of the sump pump variance form on the back of this letter.

Please review your system. If you feel your sump pump will be running during the winter, and you do not want it to pump outside, please fill out the variance and submit it to the address below:

City of West Fargo
800 4th Ave. E., Suite 1
West Fargo, ND 58078

This year, the City of West Fargo will also allow the fee to be added to an existing utility bill.

Please feel free to call the Public Works Dept at 433-5400 or go online and email questions. A copy of this letter and the variance is also online. The City website is www.westfargond.gov

Thank you for your help

Sincerely,
