

---

The building Inspection's Department receives and issues all applications for building permits for the City of West Fargo. The plan holder must provide the following information as listed below. Failure to provide complete, sufficient and correct documentation may result delays to your project.

### **General Permit Application Requirements:**

- ❖ Name, address and telephone number of person making application.
- ❖ Name, address and telephone number of person owning the property.
- ❖ Name, address and telephone number of Contractor, Designer and all subcontractors.
- ❖ Job description must indicate the entire scope of work to be completed (levels to be finished or unfinished, etc.)

### **Required Documents:**

Provide a total of 2 sets of clearly marked plans with the following contents:

1. Residential Building Permit Application
2. Storm water Management Application
3. Approval letters if applicable.
4. Completed Energy compliance worksheets must be included with the application.
5. One complete set of engineered truss spec sheets.
6. (2) Copies of site plan to include: address, lot, block & addition, any and all easements, driveways and all **area wells must be shown on the site plan.**
7. (2) Copies of construction drawings that include: elevations, dimensioned floor plans for all levels, foundation plan, cross section detail showing materials being used and insulation R-values, window & door schedules, garage portal wall framing detail.
8. Tall walls and braced wall lines are to be labeled.
9. Professional engineered designs may be required if the plan review indicates the structure or parts thereof exceed the requirements of the Building Code (IRC & IBC)
10. If engineered designs are required they must have the original wet stamp signature of the design professional on them.
11. All construction drawings must be to a minimum 1/8" scale.
12. A PDF copy of all plans is required for all residential permits.

**You will receive an email copy of the building permit invoice or phone confirmation that the permit is complete and ready to be picked up. All permits are to be paid, signed and picked prior to any concrete being placed on site.**

FINAL INSPECTION CHECKLIST  
Single Family Residence

Address: \_\_\_\_\_ Date: \_\_\_\_\_

- (1) Single family non-farm dwellings are conditionally permitted.
- (2) Single family dwellings on lots of record – 1 acre; Single family dwellings on newly created lots – 40 acres.
- (3) From local road: 120’ from centerline or 40’ from the established right of way, whichever is greater; from collector or arterial road: 150’ from centerline or 75’ from established right of way, whichever is greater.
- (4) Side yard setbacks for street side of corner lots shall be the same as required for front yards.
- (5) Subdivisions within areas designated as Agricultural Preservation according to the Land Use Plan shall have a minimum lot size of 10 acres. Clustered rural subdivisions may have reduced lot sizes as provided for in the City Ordinance.
- (6) Front yard setbacks from existing or future streets shall be 40’ from the road (street) right of way line, or the following, whichever is greater: 75’ from the centerline of the street for local streets, 90’ for collector or minor arterial streets and 115’ for primary arterial streets.
- (7) On corner lots, a side yard facing a public way shall be a minimum of 30’.
- (8) Clustered rural subdivisions may have reduced lot sizes as provided for in the City Ordinance.
- (9) On corner lots, a side yard facing a public way shall be a minimum of 12 feet, except when a driveway to a garage is located in said side yard, in which case, the side yard shall be a minimum of 20 feet, except for lots of 50 feet or less, in which case, the minimum setback shall be 18 feet. In this case, the house may be 12 feet, but the garage must be a minimum of 20 feet on lots greater in width than 50 feet, or 18 feet on lots 50 feet or less in width.
- (10) 12% of the lot width, with a maximum of 12 feet.
- (11) A duplex which consists of 2 units on one lot is required to have a minimum lot area of 6000 square feet. A twin home which consists of 2 units side by side with a common party wall is required to have a minimum lot area of 3000 square feet for each unit.
- (12) 1800 square feet for each dwelling unit plus 200 square feet for each bedroom, with a minimum permitted lot area of 8000 square feet. Efficiency units shall be considered one-bedroom units for the purpose of lot computation.
- (13) A duplex is required to have a minimum lot width of 50 feet, whereas a twin home is required to have a minimum lot width of 25 feet for each unit.
- (14) A duplex is required to have a minimum lot width of 60 feet, whereas a twin home is required to have a minimum lot width of 30 feet for each unit.
- (15) For main building and all accessory buildings.
- (16) For every building over 35 feet in height, required yards shall be increased by one (1) foot for every two (2) feet of building height over the limit.

I hereby certify that I have received and reviewed a copy of the Storm Water Management Standards for the City of West Fargo and I am responsible for implementing, maintaining, and monitoring the effectiveness of the storm water management standards during construction on the lots listed above. I also understand that I may need to supplement or modify implemented protection measures as site conditions develop to control on-site erosion and ensure all site runoff is adequately treated by storm water controls. I will also be responsible for the actions of all subcontractors and delivery personnel at the worksite.
